## Product Data Sheet for Milk Buds F.S.

**PRODUCT CODE: 2741**

### APPLICATION:

A milky, creamy, very high potency liquid, fat soluble flavor, for veal feed and milk replacers. Will provide a constant aroma and taste background to assure consistent consumption.

### USE DIRECTIONS:

Use at a rate of 0.5 ounces per ton of dry milk replacer or veal feed. This **Feedbuds®** product is to be mixed with melted fats prior to addition to milk replacer or veal feed. See following chart.

Application into milk replacers and veal feeds	Recommended Use Level (ounces per ton of dry products)		
	0.25	0.50	1.00
All top quality ingredients with little variability, short storage time in fat*. To provide a constant fresh milky creamy background character.	X		
All top quality ingredients with little variability, long storage time in fat**. To provide a constant fresh milky creamy background character.		X	
Ingredients with quite a bit of variability and less than top quality. Short storage time in fat*. To provide a constant milky, creamy background character. Will mask some off flavors.		X	
Ingredients with quite a bit of variability and less than top quality. Longer storage time in fat**. To provide a constant milky, creamy background character. Will mask some off flavors.			X

\*Short storage time in fat means that the flavor is stored in the hot fat for three days or less.

\*\*Longer storage time in fat means that the flavor is stored in the hot fat for longer than three days.

### CHARACTERISTICS:

A milky, creamy coconut, vanilla aroma with fruity topnotes. Stable fat-soluble liquid.

### INGREDIENTS:

Natural and artificial flavor ingredients, butylated hydroxytoluene (a preservative) and polysorbate 80.

### STORAGE:

Store in a cool dry place. Keep covered when not in use. Product will remain stable for extended storage. Change in color from light to dark is a natural occurrence and is independent of product activity.

### PACKAGING:

40-pound drums. Special packaging available upon request.

### PURITY:

All flavor ingredients in this product are either approved for use in a regulation of the Food and Drug Administration or listed as being GRAS in a reliable published industry association list.
